EARLY CHRISTIAN. BRONZE ATTACHMENT WITH LAZARVS

Dim. 9 x 10 cm

Date: 5th-6th century AD

Ex priv. collection A. Goessen, Maastricht 1990-2020

Fragmental attachment of a relic with two figures clad in long garment turned to the left, left figure holding papyrus and his mantle in his left hand, his right hand with an unidentifeid object pointing to a small round temple, XP monogram before his head, text of LAZARVS at either side of his head; figure at right side, standing to left in long ribbed garment, holding sort of a crook or curved candle, small animal at his left foot and a small naked figure kneeling at his right foot turned to the right side, text above H - N.
