BOW chair

Grete Jalk, BOW chair from 1963 in oak.

Very rare chair.

Production of only +/- 150 pieces.

The Jeppesen factory burned down shortly after production started, including the molds of this chair, which is why only a few pieces were produced.

The condition is museum quality.

This chair was prominently displayed in 2023 in the Centraal Museum Utrecht during the exhibition *Stoel neemt Stelling*.
