LAWO 1 chair

LAWO 1 chair, 1945/1946

High-back version

88 x 76 x 66 cm

About 1350 pieces of this chair were made.

The chair consists of one piece of laminated wood.

On the side, two narrow strips come loose from the seat and back surface, they are bent into armrests and then bent again at the back into back legs.

At the intersection of the back surface and the hind legs, two copper fittings have been attached as a connection.
